Alison, can you help [REDACTED] (b) (5), (b) (7)(A)

Kristine – I'm working on organizing figures and photos – will get this report to you in the morning. Just wanted to give you a preview of how we do this . . . of course it always evolves . . . This follows the format Alison has used several times recently in analyzing JD's for sites for RCRA, superfund, etc . . . she's really good!

Just a reminder, we are really trying to get these Orders signed this FY! Thanks for your help . . apologies for being so close to the end of year deadline. . . . hey . . I had a busy year . . .
